*The Elements: Earth, Air,
Water, Fire, and Spirit or Ether
are the messengers from
Original Source: SOPHIA!
They have a consciousness
bigger than their outward
appearance, just like you!*

They were born billions of years ago out of the primeval life force. They understand creation and destruction. They have had time to learn how to come into alignment with their neighbors and to help their children—the planets—and their great-grandchildren—life-forms upon Planet Earth. They can teach us lessons of right relationship with one another – all sentient beings.

Most modern humans have forgotten our essential connection to nature to our peril. We have grown strong and powerful and are capable of affecting, through our collective actions, the natural balance of our planet. In our arrogance and greed, we have taken our species and many others to the brink of destruction.

This is why it is imperative for us, as Priestesses, to develop a relationship with our Great Grandparents, the elements. We are the leaders that will lead the human race to begin to take responsibility for our actions.
