Why Ceremony?

Insights on Ceremony from the Book *World Bridger*
by Juliet and Jiva Carter

Ceremony is not exclusively of the mind or emotions or even a combination of both. It is an alchemical coalescence, a wedding, inspiring the brain chemistry to unfetter the intellect from its dogmatic entrenchment within the linear space time continuum.

Ceremony bridges the chasm between a culture bred of its elemental consciousness and its shamanic roots.

Ceremony is a language that transcends time and culture, it is the solution that exists outside of the problem.

Our analytical skills evolve from a brain that is 4/5ths inactive, ceremony engages the parts of the brain that go beyond the logical, rational, linear conditioning we have all experienced.

Ceremony takes us into a higher vibration of healing that honors us as magnificent masterpieces of human design and allows a graceful movement into a state of original innocence.

This higher frequency healing shifts our focus to the cerebral cortex, denying the reptilian brain its monopoly over our conscious perception. Overstimulation of the reptilian brain is both initiated and stabilized by self-perpetuated terrorist concerns, the perception of what it takes to survive, by erroneous archetypal definitions of God, by the retardation of our natural ability to translate light within our physical body.

The Path of the Profitable Priestess

**Profitable Priestess Initiation Ceremony Handout
Preparation for Initiation Ceremony - create an Intention Statement.**

Your intention statement is your statement of what you intend to activate in your life through this process.

To have the highest outcome, intentions need to be stated in the positive. What you desire not what you no longer want or choose to release to get to the desire. They can be *zany, simple* and are often most effective when fairly simple.

A sample of a powerful yet simple Priestess Process intention "I choose to align, activate, and integrate the Profitable Priestess Archetype." They can also be more complex if you prefer. Just remember whatever you put on your intention statement will be working with you fully.

One process participant tried to take on changing everything in her life in one level of the process with one intention statement. She later spoke into how overwhelming that was to her transformational journey and she ended up staying in the initiation cycle for two rounds to integrate all the changes her intention statement set in motion.

Only if you are ready for more...

The Next Step

"Putting Your Vision and Mission to work."

You have just determined what you are going to "be about" from now on. For some of you, this is plenty to keep you busy for **ages**. For others, you may be ready to translate this into some form of income for yourself. This series is designed to help you do that. So if the above exercises have told you "what you are to be doing" the next one will describe "how."

If you were going to describe your dream business, what would be? What would it look like?

Begin on page 8 and do the exercises again. This time you are going to formulate a vision and a mission statement for your business, based on what you know you should be doing. You may use the template below:

The Mission of my business is to:

_____ and

(your three verbs)

(your core value or values)

to, for, or with
