*The Elements: Earth, Air,
Water, Fire, and Spirit or Ether
are the messengers from
Original Source: SOPHIA!
They have a consciousness
bigger than their outward
appearance, just like you!*

They were born billions of years ago out of the primeval life force. They understand creation and destruction. They have had time to learn how to come into alignment with their neighbors and to help their children—the planets—and their great-grandchildren—life-forms upon Planet Earth. They can teach us lessons of right relationship with one another – all sentient beings.

Most modern humans have forgotten our essential connection to nature to our peril. We have grown strong and powerful and are capable of affecting, through our collective actions, the natural balance of our planet. In our arrogance and greed, we have taken our species and many others to the brink of destruction.

This is why it is imperative for us, as Priestesses, to develop a relationship with our Great Grandparents, the elements. We are the leaders that will lead the human race to begin to take responsibility for our actions.

Core Chakra Guide

- *The crown chakra, or seventh energy center, is located at the top of the head. Here our relationship to Spirit connects us with the spiritual realm.*
- *The sixth energy center, or brow chakra, is located in the forehead. Here we think, evaluate, and learn from our experiences in concrete, abstract, and intuitive ways.*
- *The fifth body center, or throat chakra, is located in the throat area. Here we work with our personal will and the expression of truth.*
- *The fourth chakra, the heart center, is located in the center of the chest and here we experience love, grief, compassion, and kindness.*
- *The third chakra, or solar plexus, is located in the upper abdomen, in the stomach area. The solar plexus serves as the seat of our personal power and of issues of self-esteem, responsibility, and self-respect.*
- *The second body center, the sacral chakra, is located in the lower abdomen just below the navel. This energy center provides the center for our sexuality, creativity, and abundance.*
- *The root chakra is located at the base of the spine, and corresponds to the legs, feet, and tailbone. Issues such as our survival, sense of security, and connection to our tribe live in this center. This chakra is positioned closest to the earth and is significant in our relationship to her. If we feel disconnected from the element of Earth or insecure in some way, pulling energy up from the earth can help to ground, anchor, and connect us to Earth's stable energy.*

Cheryl Richardson

Ease

Ask yourself if you are willing to let growing your business and expanding your capacity be easier?

If we don't let things be easier we will limit our success because we know how hard it will be..

Being in the emptiness

Are you willing to wait for the right person or situation?

...to look for the open door?
