OVERVIEW

- We have activated your Crystalline Womb. You were also given practices to help you talk to your womb and communicate with your womb. (It will be important to keep revisiting this information as this isn't something that we always remember to do.)
- We have anchored that connection with a first blood ceremony to "turn on" your womb connection to the elemental forces in a powerful way.
- You have begun tracking your cycle. Just checking in with it everyday.
- We have activated your Womb on the Physical level.
- We have activated your Womb on the Energetic level.
- We have activated your Womb on the Mental/Emotional level.
- We have activated your Womb on the Spiritual Level.

We also discussed the seasons of your cycle. We now want to dive even more deeply into your cycle and how to work with it.

The *Absolute Necessity* of Offering Menstrual Blood or other forms of physical DNA

8

"There are Priestesses of Astera whose bodies and minds have been dedicated as Temples of Memory. Into these women's bones, flesh, and organs, into their very cells, their blood, are poured historical events and knowledge for safekeeping. In these women, these Memory Keepers, are stored jewels of revelation, boons for healing and creation. Some say the true gift of these women is their ability to seamlessly connect with all Life itself—to read the ancient records in the tiniest grain of sand, in the veins of a leaf, in a constellation of stars, or in the softness of a kiss upon the lips. These Memory Keepers are both empty and full as they carry wisdom through the ages..."
 —Gaea Codex: Node 444.54.281

9

There is a hidden history of women and of our Mother Earth that has been mostly forgotten. And it is because it has been forgotten that people no longer revere Life, and so our planet is slowly dying. If things do not change, human beings will also die.

10

Contained within your female body, and specifically your blood, is not only the encoding of your physical DNA and RNA history, but also the encoding of your SOUL. So both physiological history and DIVINE SOUL KNOWING, that probably you don't have access to. REMEMBER...YOU CAME FROM A DIFFERENT DIMENSION! YOU HAVE INFORMATION YOU DON'T EVEN KNOW YOU HAVE.

When you place your blood on the ground—no matter how you do it—IT IS AN ENCODEMENT! And if you do it with ceremony and intent, all of that is also carried into the ground as well.

When you do this, the Earth Alchemically takes that information and uses it. It's as if She agrees to work with you. She uses the information she receives from you to create the environment you live in...the most perfect environment for you...the one that is the most optimal for your health and well-being. We can see this by the plants she sends to grow in your yard.

On a soul level she also agrees to work with you. She will begin to help you accomplish whatever you desire to accomplish. All the information is there.

This is always happens when blood and the Earth are mixed, whether it be through a sacred offering or a bitter offering as in war. And whatever the intent of the offering, that is what grows.

Does this help you understand what is happening on this planet?

11

This process was kept secret for a reason...

This system was designed to keep all that lived connected with the planet, including humans, thus keeping the planet in balance. Humans are the only sentient beings on the planet with conscious awareness. In the early days, and for 14,000 years we lived in balance by keeping this system in place.

Not only that, the earth and the women lived blessed and quiet lives.

But when greed began to rule, and patriarchy became the norm, men began to try to exploit the system.

From that exploitation, a myriad of dark practices sprung, including witch burning, blood sacrifice, the total removal of all women's rights, women being owned as property, and the list continues.

Because of this, the practices were allowed to go underground.

12

WE SIMPLY CANNOT ALLOW THIS TO GO ON ANY LONGER...

- In order for our planet and our species to survive, we simply must begin to restore the natural systems to keep this planet in balance.
- Offering our DNA in ANY form right now is simply imperative for our survival.
