Release limiting yourself by needing to know “how” your creations will manifest.

## Center

We are full-on in the Aquarian Age...23 years in.

The Sun is currently in Capricorn.

It is past time for a Radical Revolution on this planet.

It is time to plan for the next 7 generations!

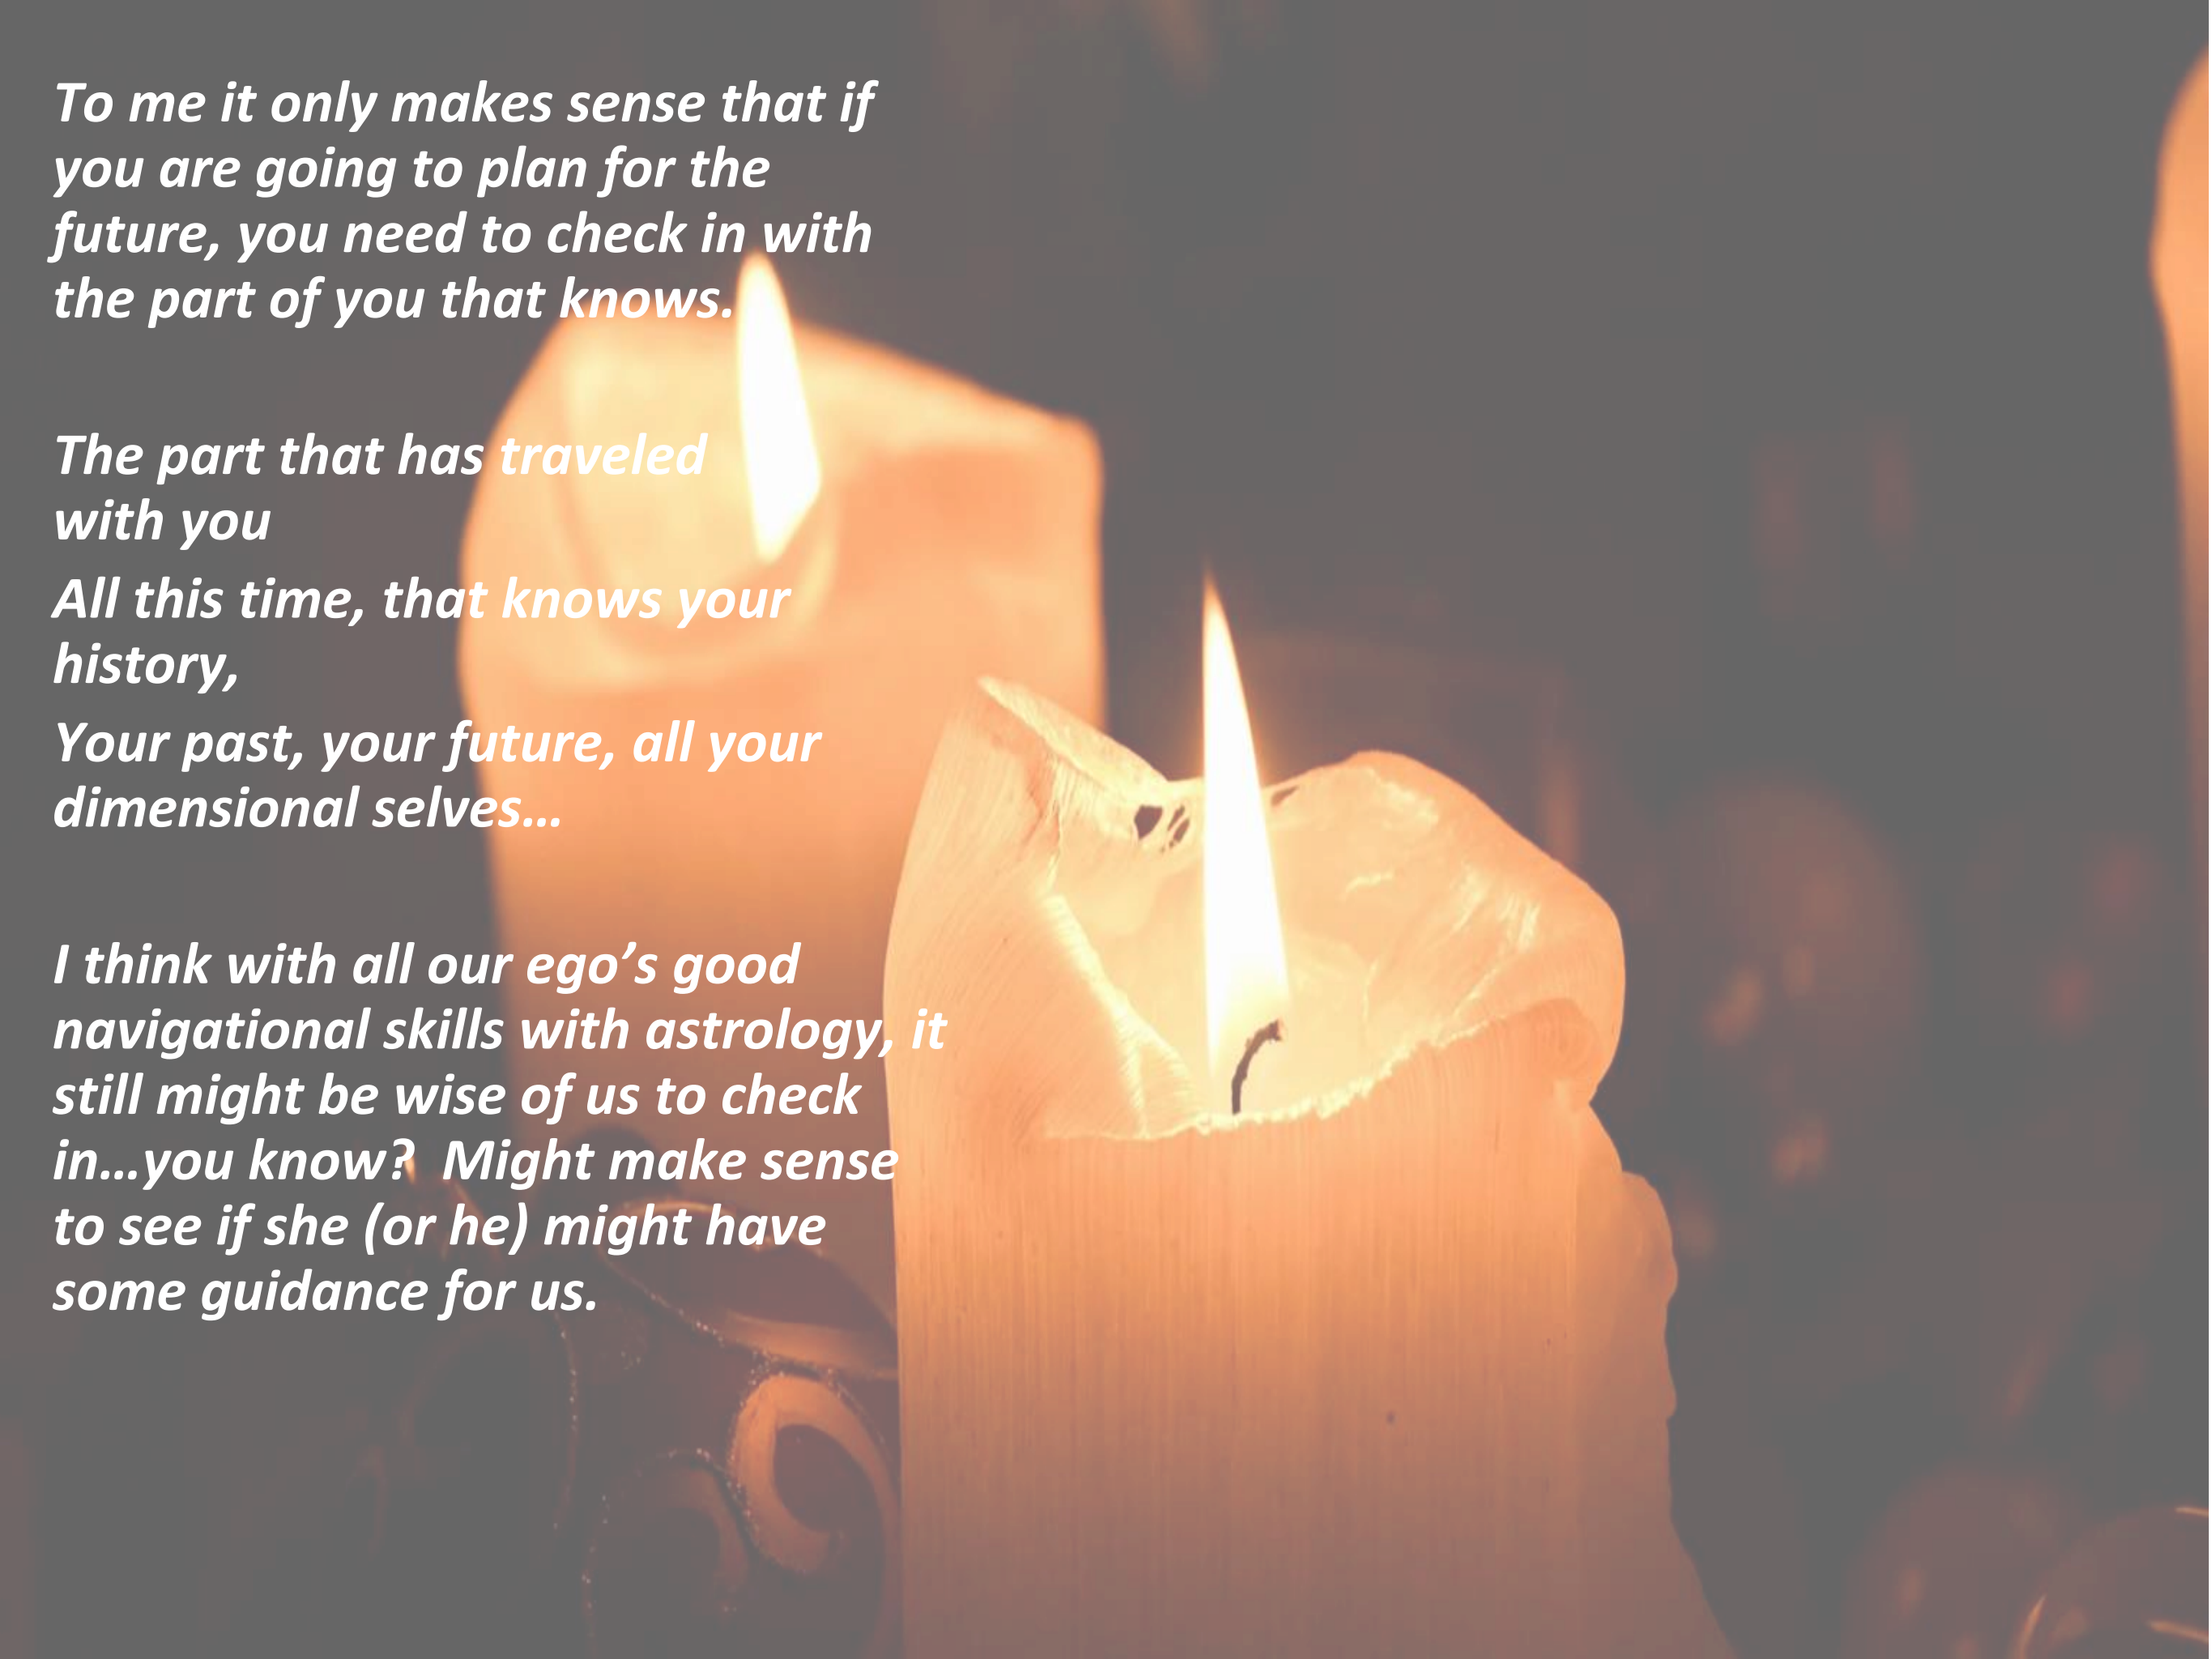

A lush, magical forest scene with a stream flowing through it. The trees are tall and thin, with sunlight filtering through the canopy. The ground is covered in moss and vibrant, colorful plants. Small, glowing blue and green lights are scattered throughout the scene, creating a mystical atmosphere.

I have spent a lot of time  
being ENCHANTED  
of late...

I believe living  
ENCHANTED, means  
following directives from  
your soul...

**AND THAT *THIS IS OUR*  
*PATH FORWARD...THE ONLY*  
WAY OUT OF OUR  
DIFFICULTIES ON THIS  
PLANET..**

*To me it only makes sense that if you are going to plan for the future, you need to check in with the part of you that knows.*

*The part that has traveled with you*

*All this time, that knows your history,*

*Your past, your future, all your dimensional selves...*

*I think with all our ego's good navigational skills with astrology, it still might be wise of us to check in...you know? Might make sense to see if she (or he) might have some guidance for us.*

***How do you find your soul?***

***Through your heart, of course...It is where we have access to **FIRST DIMENSION** which is **OUR SOUL!*****

Why? Because ... that original cell...the one that was the first on the scene when you arrived here on the planet...is still alive and well inside your heart, literally. Because the heart is one of the few organs that doesn't regenerate. ***And*** because ***it is the place where life begins***, that seed of God Source, that spark of the Divine is still happily alive and well inside of you. And most of the same physical cells that welcomed your soul to the planet are all still there! Your Spark, your seed of your soul is residing in you right now. You can feel it!

**So we are going to do that again!**

**Take a moment...**

**Close your eyes...**

**Put your hand on your heart...**

**Sink in...**

**Ask to feel your soul...**

**Ask your heart to take you there  
to connect with that original cell.**

**What does it feel like?**

**Go deep...This is where your  
soul...the part of you that REALLY  
knows, lives. (Meditation)**

**Breathe into that for a bit...**

**Go beyond the noise and into the  
stillness...**

**What does your soul want you to  
know?**

**....about love...what does your  
soul love?**

**What flavor of love did your soul  
come to bring to this planet?**

**Ask your soul to show you...**

So now we are in...  
Connected directly to  
Your Soul

World Needs ~ What you came to Bring*

***As we move more deeply into the Aquarian Age, more and more light is going to hit the planet.***

***This is for our benefit. It is designed to HELP us. We need to open to receive more and structure our bodies to do that.***

***This shift means the structures and foundations of our lives are changing from Earth elements over to AIR elements, and this energy will last for the next 2000 years!***

***We are seeing the break-up of the restrictive energy we've been dealt with since 2020 and all the way until now.***

***This shift is historic, as it moves humanity into a revolutionary energy, which we are continuing to see play out.***
