*So hopefully, you  
feel like the seed of  
2024 is at least  
established.*

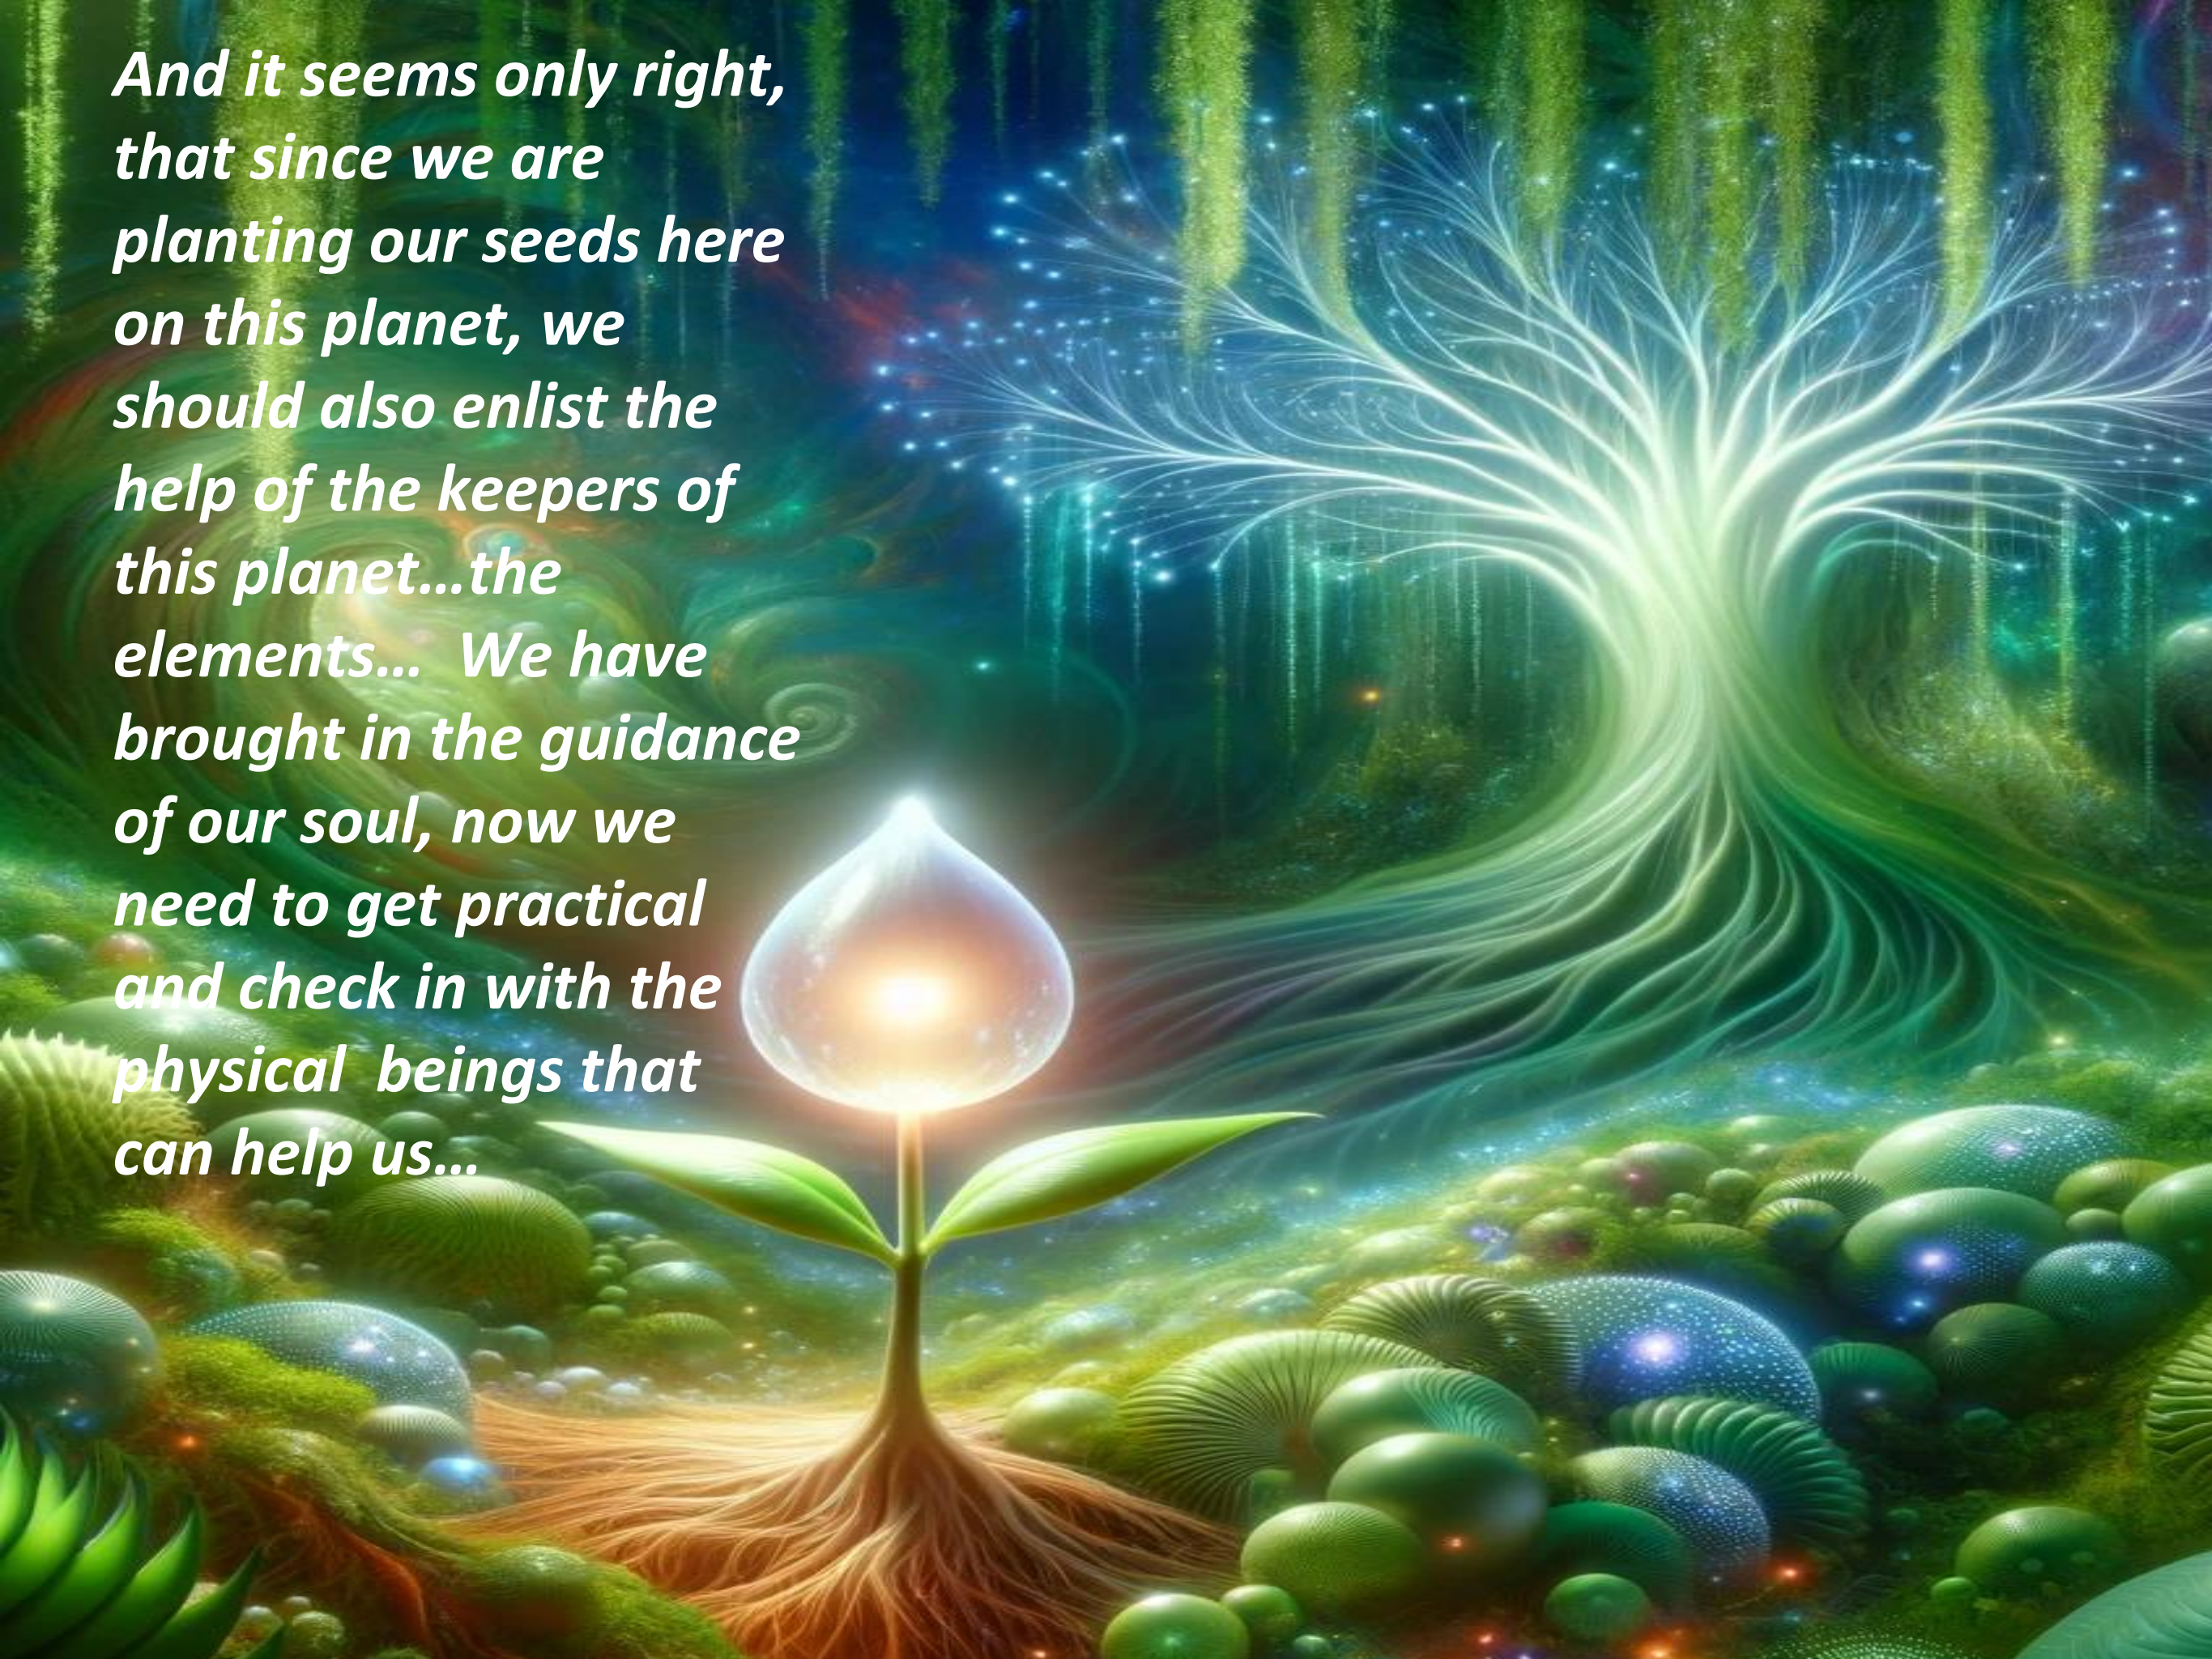

So, for our seeds to  
grow, we need to  
regularly tend our  
seeds and sprinkle  
them with love and  
light and prayers so  
that they will grow...

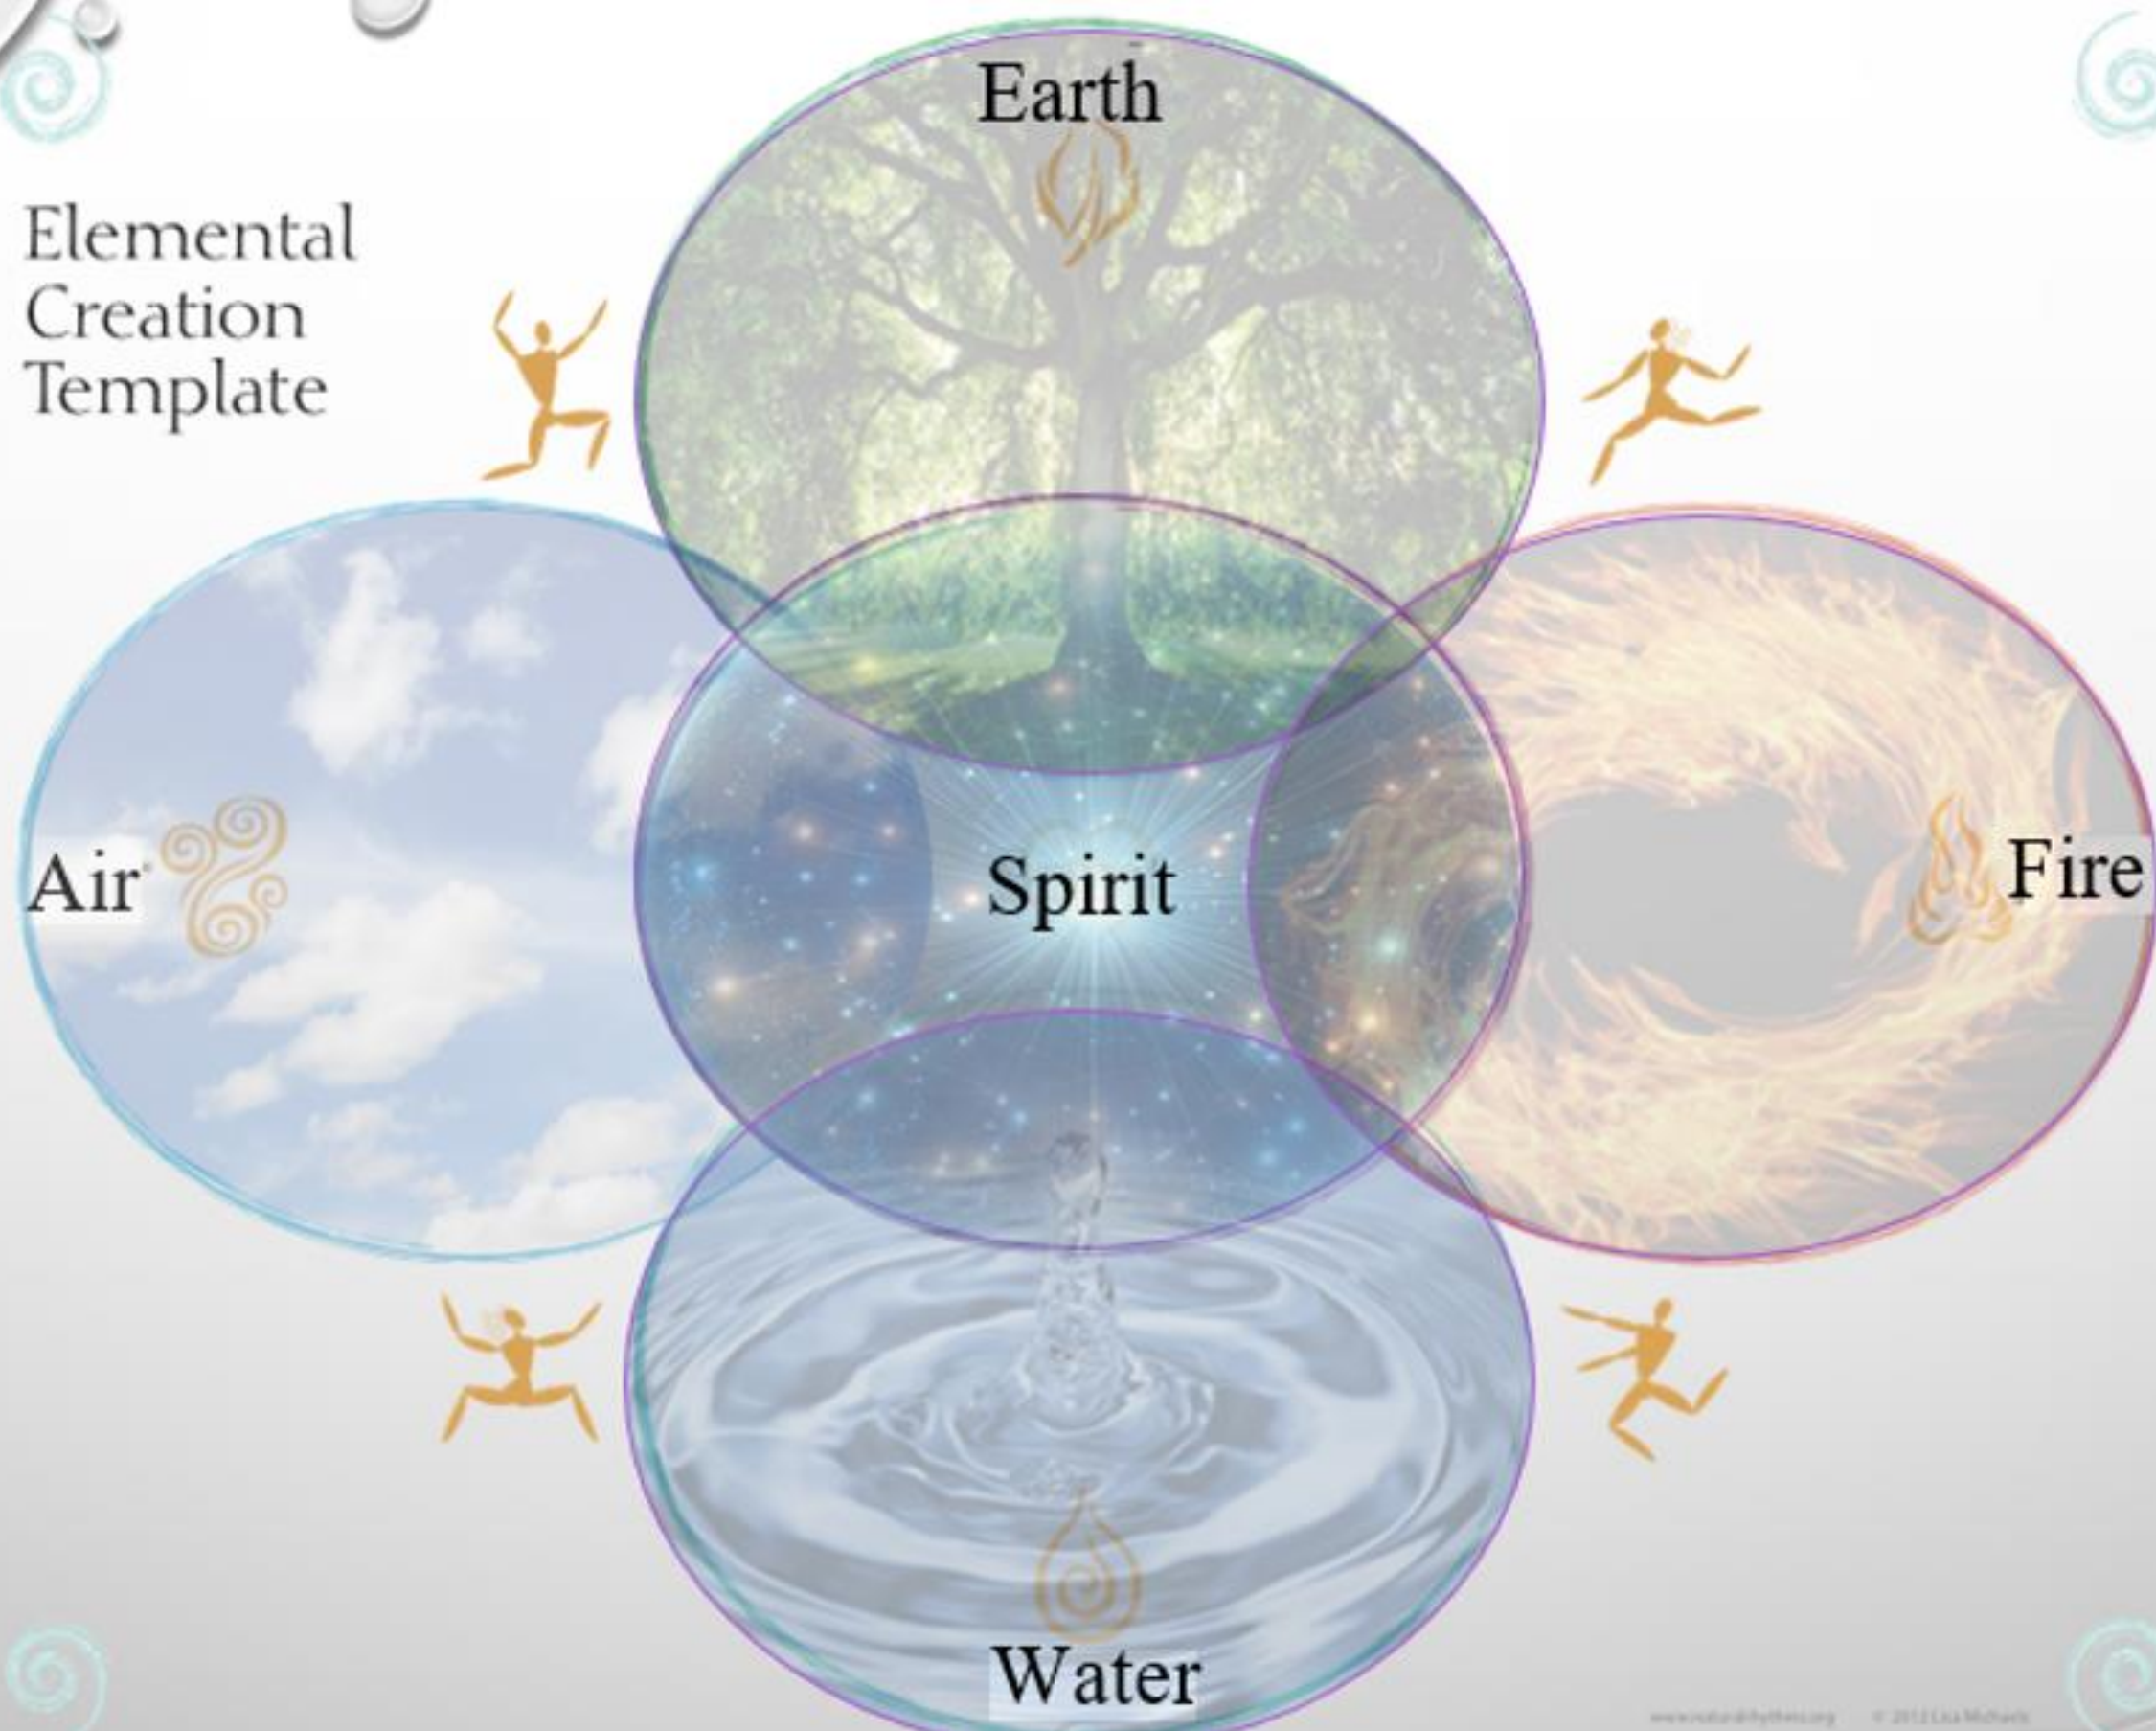

*And it seems only right,  
that since we are  
planting our seeds here  
on this planet, we  
should also enlist the  
help of the keepers of  
this planet...the  
elements... We have  
brought in the guidance  
of our soul, now we  
need to get practical  
and check in with the  
physical beings that  
can help us...*

# Spirit: Spiritual Realm

Checking back in with our Soul...  
What do I need to successfully and gracefully bring my  
Desired Outcomes into form in 2024?

So let's connect...  
Ask for Visionary Life  
Guidance for 2024.  
Journal...

*SPIRIT*

**GROWTH** – Spirit is all about growth. Inner growth, outer growth, it matters not. Spiritual Development is the only game in town and growth is the only way through the maze that we call life. As we move through our life, sometimes we can feel like our growth is stunted. We may feel stagnant and lethargic. During those times, the adage is true: You can't stand still. If you are not moving forward, you are moving backward; if you are not growing, you are dying. Calling on Spirit to assist you in your growth is the perfect solution to stagnation. Where do you need to GROW?

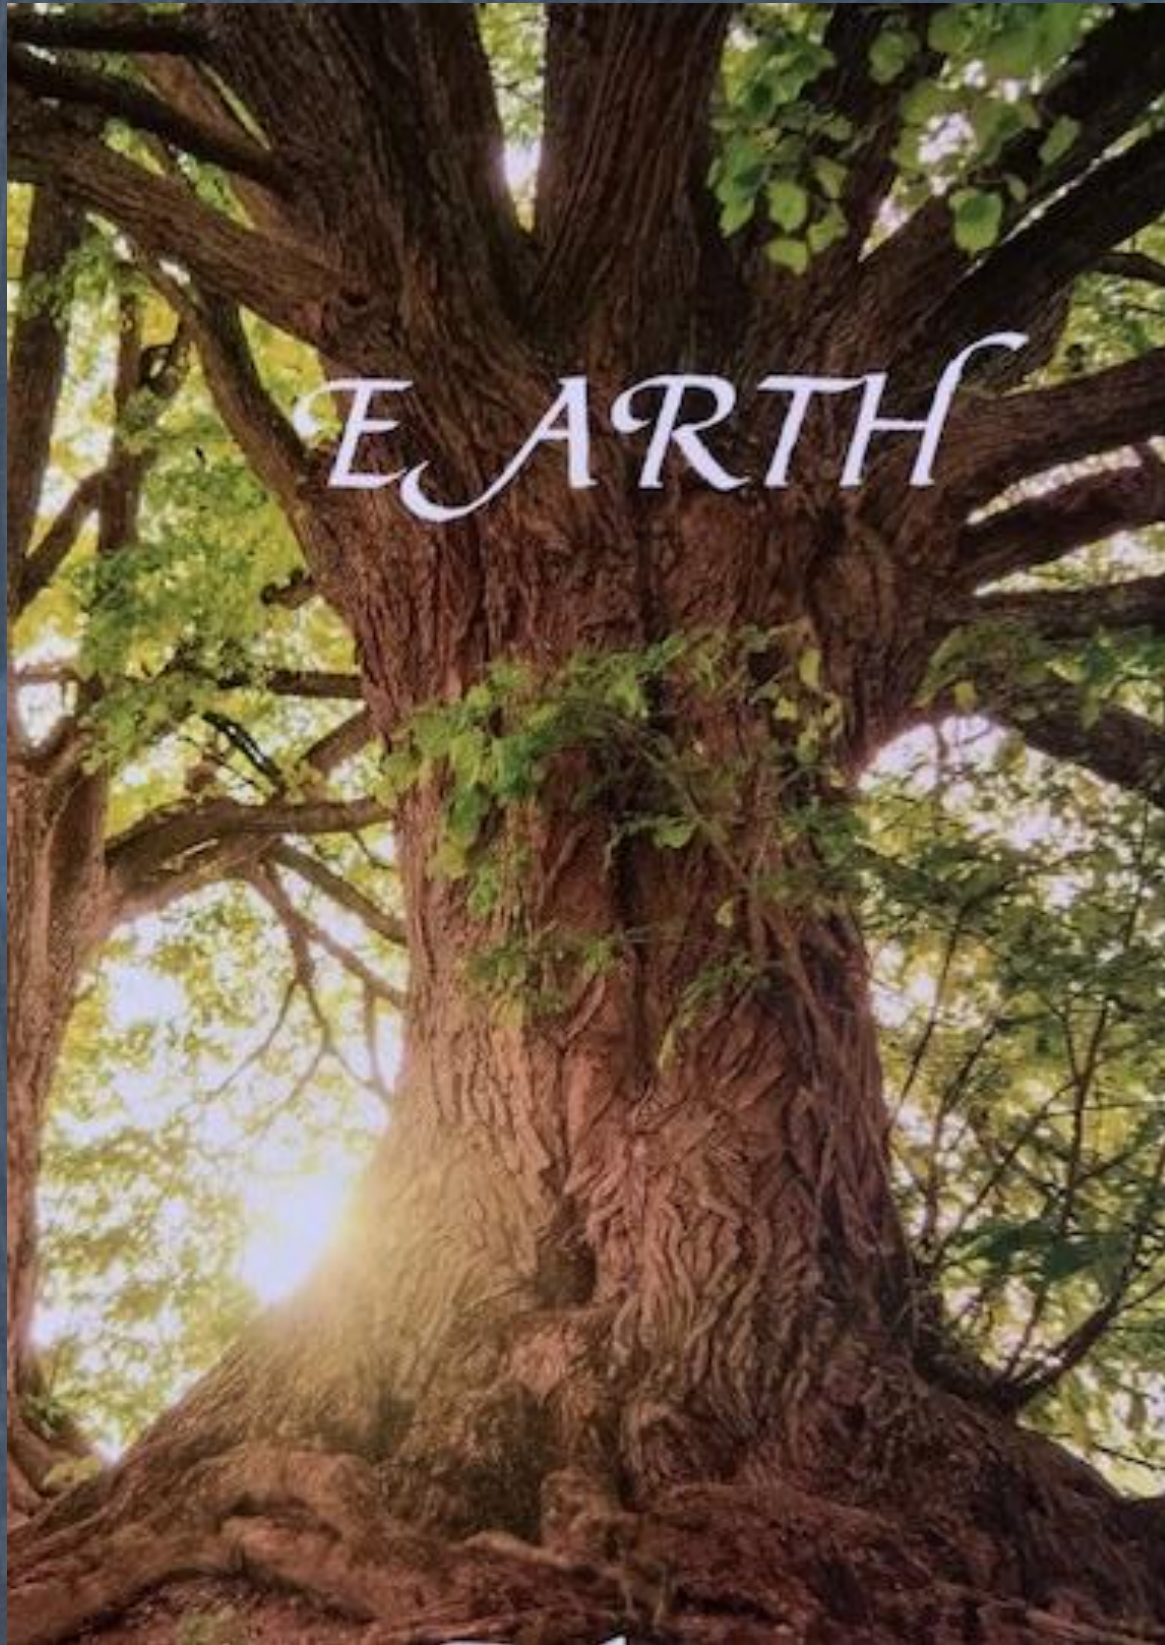

# Earth: Physical Realm

Earth, what do I need to successfully and gracefully  
bring my Desired Outcomes into form in 2024?

**GROUNDEDNESS** – In our fast-paced world, it is easy to get disconnected from the Earth. Because of the magnetic nature of our environment and our bodies, this can be detrimental to all areas of our life, from health, to wealth, to relationships. The electrical charge that we get from literal contact with the ground itself is scientifically proven to lower stress, decrease inflammation, and improve overall health, not to mention the boost that we receive mentally and emotionally. Where do you need to be more grounded?

# Water: Emotional Realm

Water, what do I need to successfully and gracefully bring my Desired Outcomes into form in 2024?

# WATER

A sunset over the ocean with the word 'WATER' in a stylized font. The sky is a mix of orange, red, and purple, with dark clouds. The ocean is dark, and there are some rocks in the foreground.

**LOVE** – The most creative, healing force on the planet lives in the Water Door. Love can fix anything. Love IS Life Force. It is the creative energy that heals. There is absolutely nothing on the planet that adding a little love to it cannot improve. Scan the landscape of your life. Where do you need more love? Where do you need to give more love? How can activating love increase the flow and the overall vibratory rate of your life? Where do you need to apply it now?

# Air: Mental Realm

Air, what do I need to successfully and gracefully bring my Desired Outcomes into form in 2024?

*AIR*

## **RADICAL REVOLUTIONARY –**

Air has the power to shift outcomes at a moment's notice. By a simple shift in direction, it can reform all that we have created in a radical new way. A change of our thoughts can cause us to change our course and revolutionize our outcomes. It all begins with a tiny shift. Where do you need a radical revolutionary shift? Where do you need to begin to think outside the box? What needs adjustment so your creations burst forth into the physical realm?

# Fire: Action Realm

Fire, what do I need to successfully and gracefully bring my Desired Outcomes into form in 2024?

*FIRE*

**MOMENTUM** – Once we get things moving in the direction we want, is important to keep that forward movement happening by building momentum. That force that causes an object to continue to move in the same direction as if of its own volition. Building momentum requires patience. When building a fire, you begin with tiny twigs and gradually add larger logs until the fire burns on its own. Likewise, when you are building momentum, you start with baby steps, and gradually build the energy until forward movement is assured. Consistent behaviors done over a period of time begin to produce the momentum we need to move our projects forward. Where do you need to build some momentum? Where have you been trying to burn the big logs with out building the twig fire first?

Unified Field, what do I need to  
bring my Desired Outcomes into form in 2024?

# ALCHEMY CARD MESSAGE FOR 2024

**Distillation**

When you become Distilled, you are grounded in both the earthly and spiritual worlds simultaneously. You have matured, no longer expecting life to meet egotistic expectations, and have released belief in negative self-regard. **This step is the GOLD!** The freedom from “needing” the world to meet your ego needs is **TRUE FREEDOM** and is so exhilarating! And it brings with it the gift of a whole new self-image. You truly begin to see yourself for who you truly are: A being of Light, having a human experience. Here ask yourself: How do I view myself now? What have I learned? How can I treat myself with more respect and dignity? What is my next right step from this perspective?
