

LIBRA

# Libra:

"I am Libra, an air sign. I create the seventh gate of awareness, through which I teach the importance of balanced relationships. I have the capacity to see things from all sides, honor each person's point of view, balance opposites, consider options, and mediate well. I create safe space for all the gates of awareness to be valued. My cooperative social skills make me a good partner, hostess, and companion. Relationship is my spiritual path. I am the air point of the cross at Autumnal Equinox."

The sun is in Libra generally from September 23 - October 22.
