Calling in Sacred Space

Direction: East

We invite the direction of the East and the element of Fire - the action realm - to our circle. With Fire we activate new beginnings, our passion, sexuality, vitality, and growth. We honor the power of transformation and purification. We call on the Fire realm beings: dragons, snakes, and the phoenix. We invoke the power of the sun, light, life-force energy, and our Radiant Selves. We connect with our ambition, ecstasy, warmth, and joy. We ask to grow in wisdom as we shine the light of awareness on our inner world. We claim the power of our actions and align them with the highest good for all.

Fire

Fire Honoring Prayer

*Oh, immense Fire of illumination,
thank you for shining your light on our lives.
You bring us the ability to see what was previously hidden
and to travel to unseen realms.
You bring the spark of life that activates growth
and develops a strong life force.
Your dynamic energy fuels our Radiant Self
when we are connected to our passions.
Through your power of action, we are able to move
our lives toward growth.
We honor the wisdom of your light/dark cycle
as we learn to balance our activity and rest.

Through you, we learn to let go of old forms
to allow full transformation to occur.
By your side, we warm ourselves
and connect to our sexuality and sensuality.
We are grateful for our right use of will
which allows us to use our power with wisdom.*

Fire Blessing

*Fire, with profound admiration, we ask that (name or this being,
this couple, this organization) be blessed by your energizing warmth
and life force as they take action in their lives.
We ask that all those who come into contact with (her/him/them)
be illuminated by their expression of your radiant passion.*
