Clear, Clean, & Current

Water's developmental task involves learning to run clear, clean, emotional current.

Seriously Important as a High Priestess

Clear

Clear old emotional patterns and programs So you can be "current & clean"

Water teaches you to respond to situations and life instead of react.

Really Watch Reactions as a High Priestess

Sometimes a reaction can be unconscious because the energy was it was simply the family emotional pattern.

Part of Water's developmental task is learning to identify and clear an "emotional charge."

Charges are like debris in your emotional water.

Your task is to learn to follow the thread of consciousness inside until you find what it is and clear it out of yourself so there is no more charge.

Sometimes through time and space

Relationship Issues with Vow to the Goddess.

Clearing charges frequently takes time, as often there are layers.

Your job is to just begin noticing where you have one and begin developing the ability to clear them.

Clearing

What needs to be emotionally cleared at the High Priestess level to run clear, clean, emotional current?

Where do you find yourself still reacting in life, in business?

4 Faces of Fear

Flee
Fight
Freeze
Faint

How this impacts your creation energy.

The power of love exists in the element of Water.

The clearer your emotions, the more space there is for love to move in your life.

In the emotional realm you learn to love yourself fully, to nurture, to heal the inner child, and to create a space for clarity, flow, and love to move freely in your relationships with others.

Increasing self-love begins to reflect in your outer world. Find ways to appreciate and fill yourself with love.

It is helpful to make conscious choices to love yourself no matter how else you are feeling.

Activate Water's Primary Power as a High Priestess

Primary Power of Love as a Force
