Connecting With Your Soul
Mission Statement and Vision Statement for your Life**

Finding Shelter:
Reconnecting with your
Soul

I am just going to remind you...

WE ARE LIVING IN VERY AUSPICIOUS TIMES...

This is because the Planet, herself is going through deep and profound transformations

And more and more ***LIGHT IS HITTING THE PLANET AND IT IS JUST GOING TO KEEP COMING.... ALL KINDS OF IT...***

- More cosmic light as we move deeper into the photon belt..
- More Galactic Light as we are beginning to crest the Galactic Rim – the first indicator of the approaching Golden Age..
- More Solar Light from the Sun in the form of Solar flairs!
- Not to mention any other light from other planets that decide to join the party!

So, here's how I see it...

When we were born, we landed in 3-d land. All we had to go on was what we saw around us. And what we saw around us were people scrambling to figure out how to manage in 3-d. That was it! There was no instruction manual, just, "Here it is,

Figure out how to live, eat, feed yourself and your family, keep a roof over your head. And oh, by the way there is all this other stuff down there that you are going to want to do...and god only knows how you are going to figure out how to do that, but we have faith in you! Go for it!"

But what if I told you **THERE WAS**
a guidebook, of sorts...a place you
could go and figure stuff out
before you had to step in it...A
place you could learn to make
choices that served you...and all
those you touch.

A PLACE THAT KNOWS...

WHO YOU REALLY ARE...

WHY YOU ARE REALLY HERE...

**HOW YOU HAD ORIGINALLY
PLANNED TO DO IT....**

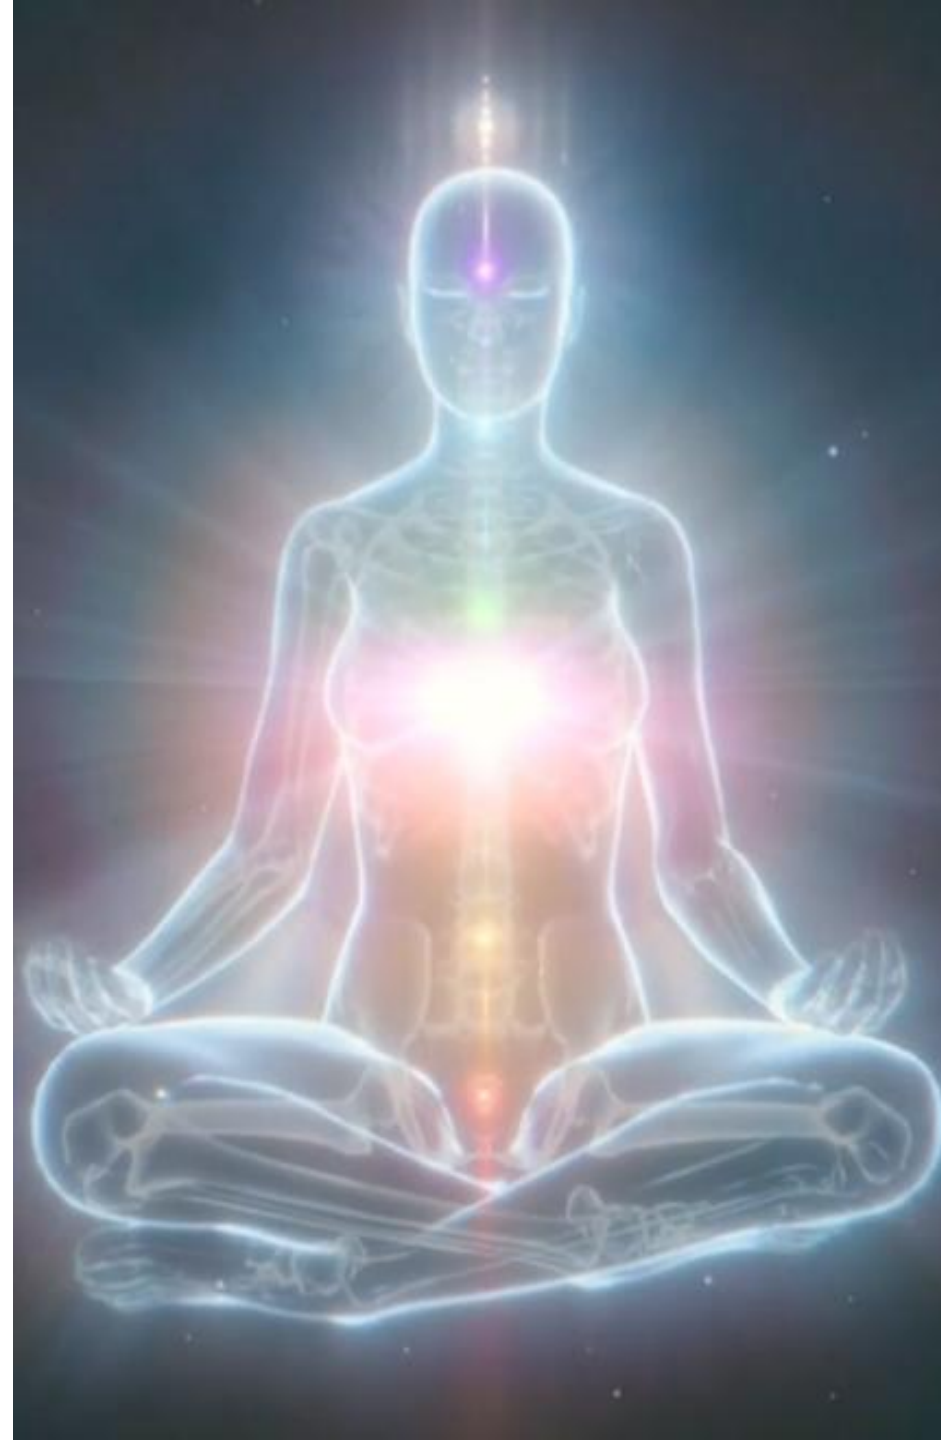

A PLACE THAT KNOWS...

You are a 12-Dimensional Being having a 3D experience. Up till now, only certain levels of understanding and capacity were available for you to access. This is not the truth and never really was the plan. The original plan was for you to be able to access all the gifts embedded in all your dimensional selves so you could heal your planet and restore your home. In fact, you are the only humanoid species capable of this! *Your DNA is special!* There is nothing like it anywhere!

We have all been programed to believe that we only have access to what we see in front of us. But this isn't true. It never was true. Many of you know this now. You know because many of your dimensions are waking up. If you don't understand this, it can make you think you are crazy. It can also create depression, high sensitivity, all kinds of medical reactions...reactions to what?? LIGHT! The LIGHT that is coming in now, is literally designed to awaken these capacities within you. But if you haven't been using them it can feel strange and even scary.

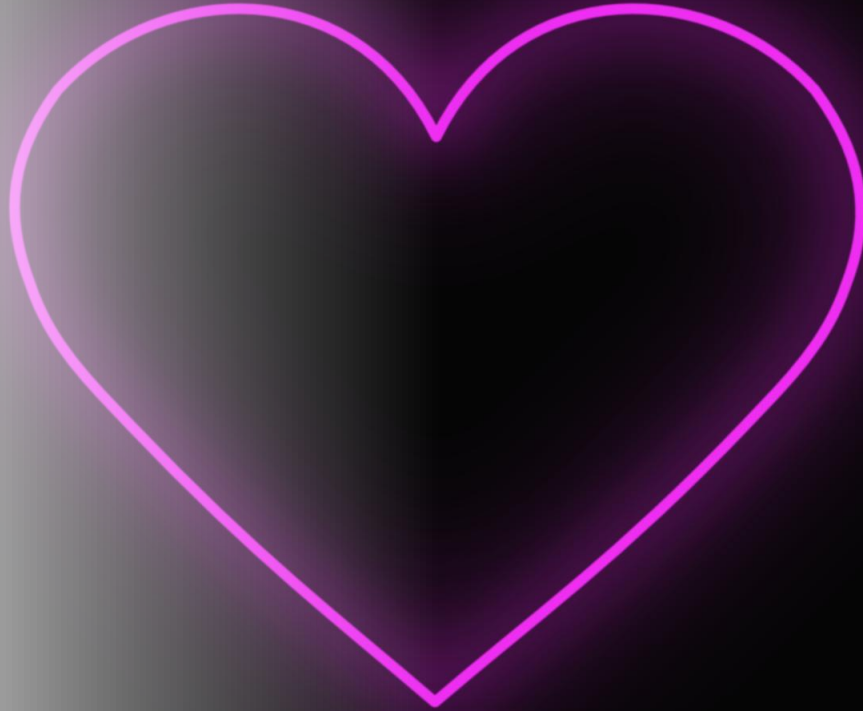

I want to assure you that you are fine. Just keep breathing and get ready for the truth: MAGIC IS REAL, and not to pop your bubble but there is probably a better term: SPONTANEOUS AWAKENING...LOTS MORE LIGHT IS HITTING THE PLANET! (Hence your desire to know what you are "here to do.") Which means more of your dimensional selves are coming online to join the party. This would be great, and it is, except that as all of this light begins to pour in, all our unhealed trauma begins to surface in very strange ways!

The ***only way*** we can have access to all 12 dimensions, and truly know how to drive the car of our life, is if we have access to ***FIRST DIMENSION, OUR SOUL (and turn the steering over to our SOUL.) This is also the only way to truly KNOW what we came here to do***

The following information is from, ***Elizabeth Wyesen...***

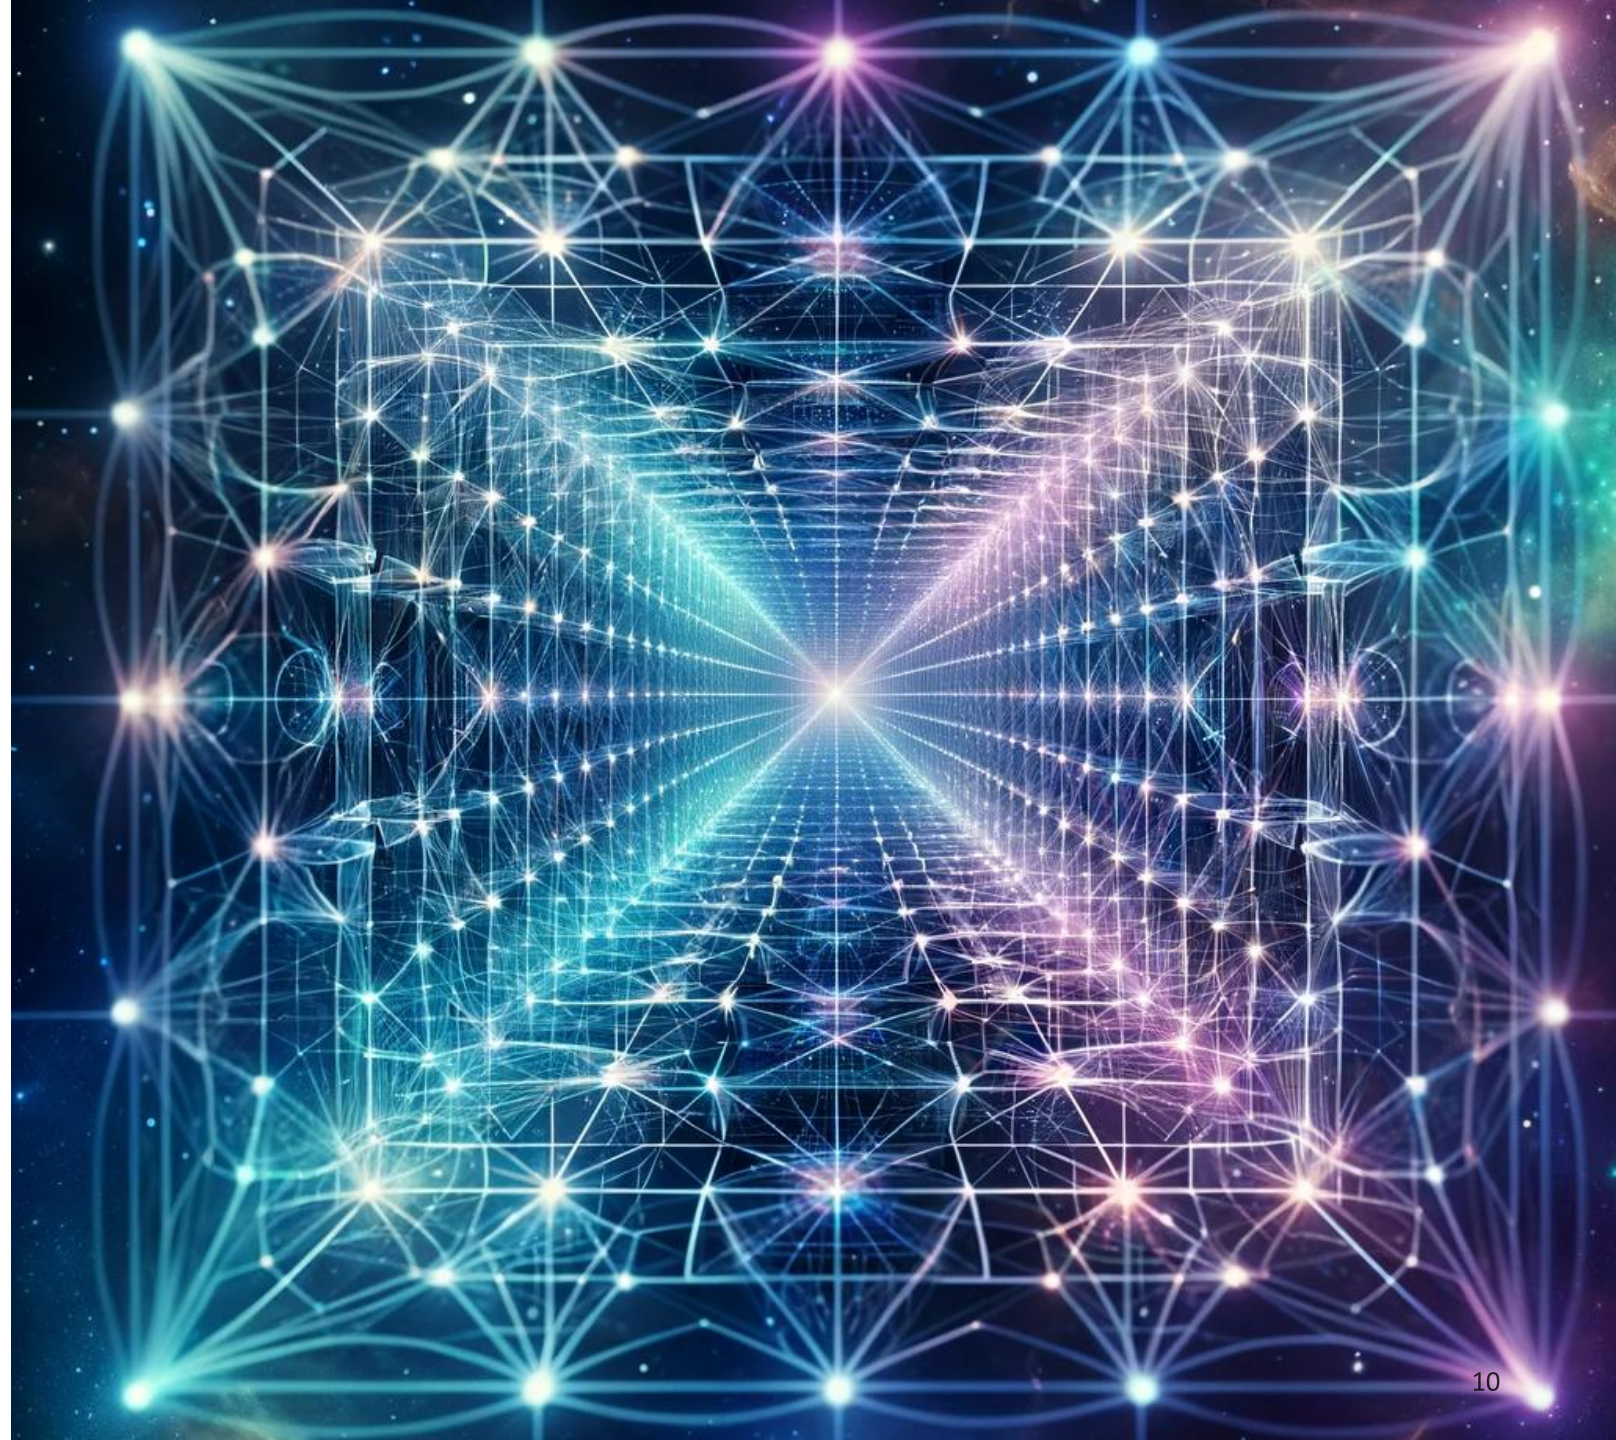

Did you know that the original cell...the one that was the first on the scene when you arrived here on the planet...is still alive and well inside your heart, literally. Because the ***heart is one of the few organs that doesn't regenerate.*** ***And*** because ***it is the place where life begins,*** that seed of God Source, that spark of the Divine is still happily alive and well inside of you. And most of the same physical cells that welcomed your soul to the planet are all still there! Your Spark, your seed of your soul is residing in you right now. You can feel it!

That there is a **LOVE** bigger and deeper and wider than we can imagine or even take in with our tiny minds...

It is **REAL—TANGIBLE**—You can feel it and know it. It is not about religion or gods & goddesses. This is about REAL TANGIBLE vibrational energy—PRANA—life force—**ALIVE and REAL**...it is what keeps you alive! ***IT IS MEASURABLE!*** And all of it is concentrated in a tiny little seed—the seed of you...***your origination point...the tiny little cell of LIFE that lives inside your heart...literally.***

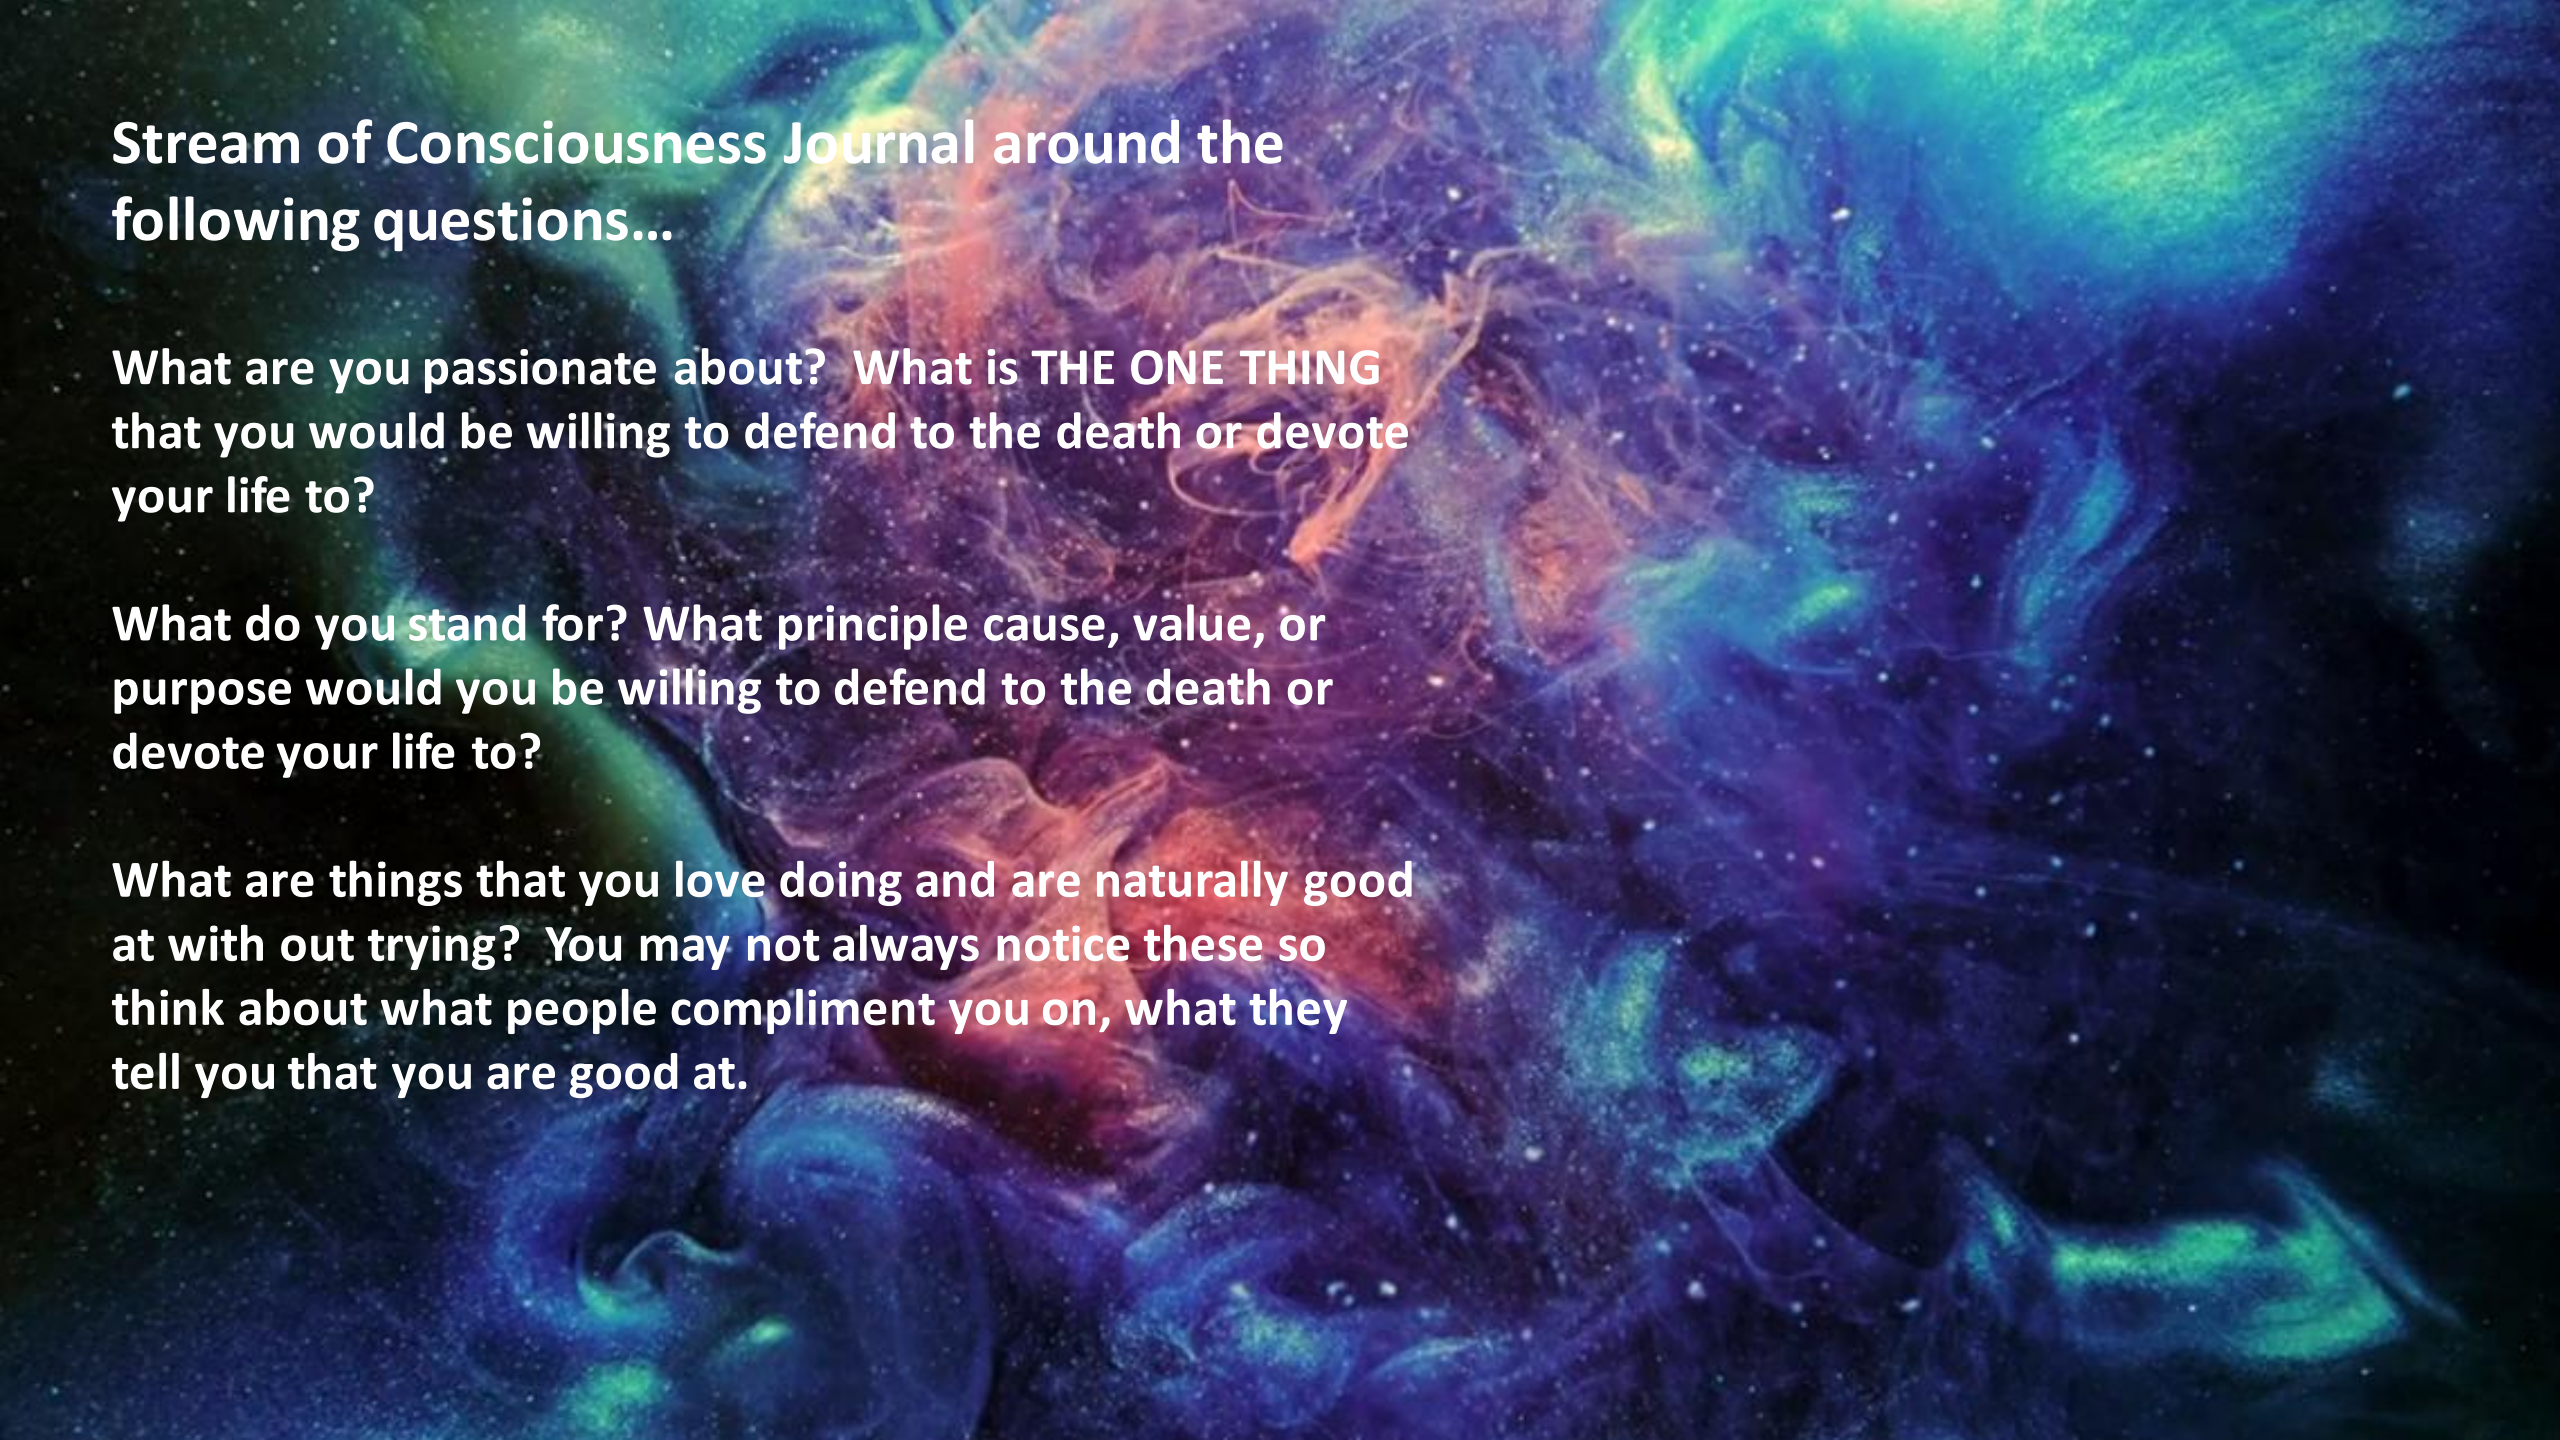

In order for our lives to work, in order for us to ***truly KNOW our purpose***, we have to go back to origination point...we have to have the experience of remembering who we are at **SOUL LEVEL**. That light—that feeling—that knowing—that wisdom.

*So settle back and
let's have that chat,
now...*

*That chat with your
soul...*

Stream of Consciousness Journal around the following questions...

What are you passionate about? What is THE ONE THING that you would be willing to defend to the death or devote your life to?

What do you stand for? What principle cause, value, or purpose would you be willing to defend to the death or devote your life to?

What are things that you love doing and are naturally good at with out trying? You may not always notice these so think about what people compliment you on, what they tell you that you are good at.
