Step 8: Release

Let go and Let Goddess. All that we have been doing up to this point has felt like work. If you feel in your body, you can feel that we have been building a lot of energy. This is the point where you simply release it to the will of Heaven. You truly begin to trust that the Universe has your back. You let your body, your heart, and your mind relax. You repeat to yourself, “This or something better,” and you truly mean it. You allow yourself the luxury of being in a total state of trust.

You may have to have mini conversations with yourself. You may have to allow yourself to realize that you have made it this far. You are still alive. You are still breathing. You may have to give yourself “relax appointments” where you say, “Ok. For the next 30 minutes I am not going to worry about this problem. I am not going to think about how to solve it. I’m not even going to do affirmations. I am just going to breath and trust that all is well. Then extend the time to an hour.

So Here's The New Drill:

- What am I supposed to be learning right now?
- What do I want?
- Why don't I believe I can have it?
- Forgive: EFT and Ho 6ponopono
- Is this True? What's the Truth? Help me see differently.
 - Read Affirmations Daily
 - Pick an affirmation from the list or one of your choice to recite every time you think of it!
 - Pick one thing on the list to raise your VIBE!
 - Work on Your Business Manifestation Matrix
 - Release it to the Goddess!

Very Important

- Make clear decisions.
- Don't keep digging holes and starting over without allowing your stream/s to develop!
(Can modify if needed)
- Work your creation magic internally and externally!

“I am standing in my feminine financial power.” This is your mindset. You are standing in your feminine financial power making economic and life choices from your authentic feminine core. You connect to your inner guidance and you gracefully expand your ability to receive so that you may flourish as your best self in the world. Through your connection to the natural world and your clear flowing spiritual source, you create from your inner truth in ways that uplift those around you and contribute meaningfully to the world.”

Integrate Your “Financial Freedom Mindset”
